Education:

Bachelor of Arts Degree, California State University at Los Angeles (CSULA), 1973
2 years undergraduate Civil Engineering and land surveying courses, CSULA 1969-1973
2 years undergraduate Civil Engineering and land surveying courses, Loyola University 1961-1963
Numerous land surveying workshops and continuing education conferences 1960 - present.

Professional Registrations:

California Licensed Land Surveyor, No. LS 3774 issued Dec. 1970
Arizona Registered Land Surveyor, No. LS 9233 issued Sept. 1973.
Nevada Registered Land Surveyor, No. LS 3674 issued Aug. 1973.

Experience:

1974 - present

President, founder, and **principal licensed land surveyor** at **Grimes Surveying & Mapping Inc.**, a general land surveying firm specializing in forensic surveying and the preparation of Certified Court maps depicting to-scale graphic representations of all types of accident scenes. Responsible for the personal preparation and/or direct supervision of over 5000 court exhibits depicting vehicular, pedestrian, rail and aircraft accident scenes, and surveys involved in expert boundary line determination. Over 30 years of extensive deposition and courtroom testimony in support of these exhibits

1971-1974

Licensed land surveyor at **Psomas & Associates**, a general land surveying and engineering firm. Duties: calculations and drafting for boundary, topographic, construction and title surveys & maps.

1962-1964 and 1966-1971

Survey technician and **cartographer** at **Bramble Maps**: trained by his uncle, F. G. Bramble (noted Southern California forensic surveyor) in court map survey methods; responsible for surveying and mapping of certified court maps and corroborative expert testimony.

1965-1966

Survey technician at **California Department of Transportation** (CalTrans), involved in construction survey of Interstate Highway 5 north of Castaic, California.

Professional Organizations:

California Land Surveyors Association
American Congress on Surveying and Mapping
American Society of Photogrammetry and Remote Sensing
Surveyors Historical Society (Charter Member)
National Society of Professional Engineers
