EXPERIENCE

DIRECT PRIMARY CARE PHYSICIAN

Office at Gold Direct Care, (Salem, MA) '15 – Present
Owner and physician of a private membership-based primary care practice with a focus on providing longitudinal and personalized care for elderly patients with complex medical problems:

- Deliver comprehensive medical care, including diagnosis, monitoring, and treatment to patients living in Assisted and Independent Living Facilities and Memory Care Units throughout the North Shore of Massachusetts
- Managing the treatment (both pharmaceutical and non-pharmaceutical) of dementia/Memory Care patients with severe behavioral and personality changes, including aggression
- Assess patients for the appropriateness of community-living versus assisted living versus Memory Care
- Collaborate and coordinate care with facility directors, aides, nurses, family, and specialists
- Provide in-home care to individuals with terminal illnesses, including ALS, Alzheimer's Dementia, and End Stage Parkinson's Disease
- Manage end-of-life care
- Conduct dementia and guardianship assessments when needed
- Preempt avoidable ER visits and hospitalizations by conducting timely interventions when chronic condition worsen or urgent issues arise
