

Catherine L. Marreiro, PhD, ABPP

Board Certified in Clinical Neuropsychology

ABPP Certification Number: 8780

California Psychology License: 26835

Curriculum Vitae

EDUCATION

Arizona State University, Tempe, AZ

Doctor of Philosophy, Clinical Psychology

August, 2013

Dissertation Title: *Neuropsychological functioning and stress reactivity in Type 1 Diabetes Mellitus*

Arizona State University, Tempe, AZ

Masters of Arts in Psychology, Health Concentration

December, 2008

Thesis Title: *How do acculturation, stress, and social support interact to predict maternal and infant health outcomes in low-income Hispanic women?*

Agnes Scott College, Decatur, GA

Bachelor of Arts in Psychology, *Summa Cum Laude*

May, 2005

NEUROPSYCHOLOGY POSTDOCTORAL FELLOWSHIP

Alzheimer's Disease Center, Department of Neurology, University of California, Davis

September 2013-August 2015

Supervisors: Bruce Reed, Ph.D., Sarah Farias, Ph.D., ABPP-CN

NEUROPSYCHOLOGY PREDOCTORAL INTERNSHIP

Jesse Brown VA Medical Center, Chicago, IL

July 2012-June 2013

- **Neuropsychology Major Rotation**

- Supervisors: Robert Walters, Ph.D., Patricia Lim, Psy.D., Alia Ammar, Ph.D.

- **Neuropsychology Minor Rotation at University of Illinois Chicago**

- Supervisor: Neil Pliskin, Ph.D., ABPP-CN

- **Neuropsychology Minor Rotation in Community Living Center at JBVAMC**

- Supervisor: Alia Ammar, Ph.D.

- **Neuropsychology Research Minor Rotation at University of Illinois Chicago**

- Supervisor: Neil Pliskin, Ph.D., ABPP-CN

PUBLICATIONS

PRESENTATIONS AT NATIONAL CONFERENCES

- Borish, S., Litvan, P., Mason, S., **Marreiro, C.** & Shaughnessy, L. (2019, February). The Relationship Between Amyloid Status and Neuropsychological Profile in Ambiguous Cases: An Exploratory Analysis. Poster Presented at the International Neuropsychology Society 47th Annual Meeting, New York City, NY.
- Kiely, T., Moore, C. S., Lee, A., Shaughnessy, L. W., Atri, A., & **Marreiro, C.L.** (2017, February). Contribution of Neuropsychological performance, behavioral and functional measures in high & low likelihood Alzheimer's disease profiles. Poster presented at the International Neuropsychological Society 45rd Annual Meeting, New Orleans, LA.
- Moore, C. S., Kiely, T., Lee, A., Shaughnessy, L. W., Atri, A., & **Marreiro, C.L.** (2017, February). Diagnostic accuracy of pathologically confirmed Alzheimer's disease in the NACC UDS: Computational classification using psychometric measures. Poster presented at the International Neuropsychological Society 45rd Annual Meeting, New Orleans, LA.
- **Marreiro, C. L.**, Farias, S. T., Mungas, D., & Reed, B. (2015, February). The effect of depression and behavioral disturbance on cognitive change in diverse older persons. Poster presented at the International Neuropsychological Society 43rd Annual Meeting, Denver, CO.
- D. Rosado, D., Buehler, S., Botbol, E., Zaluzniak, K., Carrión, C., BJORQUIST, O., Leon, A., Gierut, K., Wilson, M., **Marreiro, C.**, Roundfield, K., Faust, K., Greif, T., Calamia, M., Rao, J., Bodapati, A., Gorka, S., & Pliskin, N., (2014, July). *Impact of Thorough Review of Neuropsychological Testing Results on Caregiver Coping and Perceptions of Care-Recipient Functioning* Poster presented at the Annual American Academy of Clinical Neuropsychology Conference, New York, NY.
- Buehler, S., Botbol, E., Zaluzniak, K., Carrión, C., BJORQUIST, O., Leon, A., Gierut, K., Wilson, M., **Marreiro, C.**, Roundfield, K., Faust, K., Greif, T., Calamia, M., Rao, J., Bodapati, A., Rosado, D., Gorka S., & Pliskin, N. (2014, March). *Measurement of Outcome Following Neuropsychological Evaluation: The Impact of the Evaluation on the Consumer*. Poster presented at the American Psychological Association Annual Convention, Washington, DC.
- Bond, R., **Purdom, C. L.**, Doane, L., Luecken, L. (2013, March). *Establishing smart recruitment tools for difficult to reach study populations*. Poster presented at the Society of Behavioral Medicine's 34th Annual Meeting and Scientific Sessions, San Francisco, CA.

- Kent, M., Kurtz, J., Haller, M., **Purdom, C.**, & Parrington, D. (2012, November). *Treating PTSD and Its Comorbidities: The Case of PTSD and Obesity*. Paper presented at the International Society for Traumatic Stress Studies, Los Angeles, CA.
- **Purdom, C.L.**, Wershba, R., & Locke, D.E. (2012, June). *The influence of positive impression management scales of the Personality Assessment Inventory in the epilepsy monitoring unit*. Poster presented at the Annual American Academy of Clinical Neuropsychology Conference, Seattle, WA.
- **Purdom, C. L.**, Stevenson, M. M., Lemery-Chalfant, K., Howe, R., & Luecken, L. J. (2008, March). *Acculturation moderates the effect of self-mastery on self-rated health in Hispanic Women*. Poster presented at the Society of Behavioral Medicine's 29th Annual Meeting and Scientific Sessions, San Diego, CA.
- Gress, J. L., **Purdom, C. L.**, Howe, R., Lemery-Chalfant, K., & Luecken, L. J. (2008, March). *Psychosocial predictors of breastfeeding in low-income minority women*. Poster presented at the Society of Behavioral Medicine's 29th Annual Meeting and Scientific Sessions, San Diego, CA.
- **Purdom, C. L.**, Kraft, A. J., & Luecken, L. J. (2007, March). *Acculturation, social support, and prenatal stress interact to predict health of postpartum Hispanic mothers and infants*. Society of Behavioral Medicine's 28th Annual Meeting and Scientific Sessions, Washington, DC.
- Kraft, A. J., **Purdom, C. L.**, Luecken, L. J. (2007, March). *Negative social interactions mediate the relationship of family of origin conflict with cortisol levels in adulthood*. Presented at the Society of Behavioral Medicine's 28th Annual Meeting and Scientific Sessions, Washington, DC.
- **Purdom, C. L.**, & Echt, K., V. (2006, April). *Reading preferences, exposure, and health literacy in aging*. Poster presented at the Annual Meeting of the Cognitive Aging Conference, Atlanta, GA.
- Gaynor, K. B., Lucas, J. L., & **Purdom, C. L.** (2006, March). *Appreciation of spouse: An influential variable for labor division, perceived fairness, and marital satisfaction in dual-income couples*. Paper presented to the Annual Meeting of the Southeastern Psychological Association, Atlanta, GA.
- **Purdom, C. L.**, Lucas, J. L., & Gaynor, K. B. (2006, March). *The differential predictive power of partner support between lesbian and heterosexual couples*. Paper presented to the Annual Meeting of the Southeastern Psychological Association, Atlanta, GA.
- Kachelski, R. A., Chattrakulpong, S., Entricht, T., Gaynor, K., Judin, M., Lokko, R., **Purdom, C.**, & Tuttle, L. (2005, November). *Dyslexic adults' eye-movement control during reading and visual tracking*. Poster presented at the 46th Annual Meeting of the Psychonomic Society, Toronto, CA.
- **Purdom, C. L.**, Nowicki, S. Jr., & Rothman, M. (2005, May). *The role of nonverbal decoding ability in acquaintance formation*. Poster presented at the Annual Meeting of the Georgia Association of Psychology, Atlanta, GA.
- Miller, K. S., Lucas, J. L., & **Purdom, C. L.** (2005, April). *Having it all: Determinants of work-family conflict and well-being in women*. Poster presented at the Annual Meeting of the Southeastern Psychological Association, Nashville, TN.
- **Purdom, C. L.**, Lucas, J. L., & Miller, K. S. (2005, April). *Marriage type, parental status, and the mediating impact of social support*. Poster presented at the Annual Meeting of the Southeastern Psychological Association, Nashville, TN.

PROFESSIONAL CLINICAL PRACTICE

Bay Area Cognitive Health

President and Clinical Neuropsychologist

03/19-Present

- Conduct comprehensive neuropsychological evaluations for individuals across the lifespan. Patients are both self-referred and referred by attorneys, physicians of various disciplines, and psychotherapists. Common referral conditions include neurodevelopmental disorder (ADHD, Autism, Learning Disabilities), dementia syndromes, and traumatic and acquired brain injuries, among others.

Ray Dolby Brain Health Center, California Pacific Medical Center, San Francisco, CA

Director of Neuropsychology

01/22-Present

- Direct the RDBHC neuropsychology program and expansion efforts along with prior duties associated with clinical neuropsychologist role
- Assisted with re-establishment of clinical trial program and served as sub-investigator

Clinical Neuropsychologist

08/15-12/21

- Provide comprehensive adult/geriatric clinical neuropsychological evaluations with a focus on memory, aging and dementia syndromes
- Integral member of a multidisciplinary team including neurologists, nurse practitioners, and social workers
- Organize and lead monthly Neuropsychology Journal Club and Fact-Finding Seminar provided to community of San Francisco Bay area neuropsychologists and trainees
- Organize and lead monthly Neurodegenerative Case Conference for multidisciplinary providers throughout northern California
- Supervised clinical and research training across practicum, APA-approved Neuropsychology Track internship, and post-doctoral neuropsychology fellows

Interim Director of Clinical Operations

09/19-03/20

- Directed clinical operations of multidisciplinary team including neurologist, nurse practitioner, and social workers
- Provided training and supervision of newly hired nurse practitioner with regard to diagnosis and management of memory concerns and dementia syndromes
- Led weekly case conference and training seminar for multidisciplinary team
- Co-led selection and recruitment a new medical director for the clinic

RESEARCH EXPERIENCE

- **Elligo Health Research**
Sub-Investigator/Clinical Rater
March 2022-Present
- **Ray Dolby Brain Health Center, California Pacific Medical Center, San Francisco, CA**

Neuropsychology Clinical Research Scientist

August 2015-August 2019

-Co-PI on Investigator Initiated Studies:

- Assessment of neuropsychological and neurophysiological correlates of amyloid PET imaging
 - To explore relationships among a novel clinical application of physiological markers of neural activity with currently available clinical tools for assessing cognitive impairment and biomarkers for Alzheimer's disease (i.e., amyloid-PET imaging) among patients suffering from cognitive decline of uncertain. Specifically, to examine how ERP components derived from the COGNISION ERP system relate to neuropsychological profiles and brain amyloid plaques on amyloid-PET imaging.
- RDBHC Longitudinal Clinical Registry (with data management in REDCAP)
 - To establish a large patient registry, the Ray Dolby Brain Health Center (RDBHC) Longitudinal Clinical Registry (LCR) to be used for data analysis and modeling of clinical course, and diagnostic and prognostic factors for patients along the clinical spectrum of cognitive impairment-dementia syndromes

-Assisted with establishment of multiple clinical trials for Alzheimer's disease and served as sub-investigator (Site PI: Alireza Atri, MD/Ph.D.)

- LU AE58054 STARBRIGHT 14863A PHASE 3 STUDY 2015-2017
 - A Phase 3, international, multicenter, randomized double-blind, parallel-group, placebo-controlled study of Lu AE58054 in patients with mild-moderate Alzheimer's disease (AD) treated with an acetylcholinesterase inhibitor (AChEI). To establish the efficacy, tolerability and safety of Lu AE58054 as adjunctive therapy to AChEIs for symptomatic treatment of patients with mild-moderate AD.
- 18F-AV-1451 ([F-18]T807) PHASE 3 STUDY IN ALZHEIMER'S DISEASE 2016-2018
 - A phase III, multicenter study designed to test the relationship between ante-mortem ¹⁸F-AV-1451 Position Emission Tomography (PET) imaging and tau neurofibrillary pathology associated with Alzheimer's disease, as measured at autopsy.
- TTP488 (AZELIRAGON) PHASE 3 STUDY IN ALZHEIMER'S DISEASE 2016-2018
 - A phase III, randomized, double-blind, placebo controlled, multicenter registration trial to evaluate the efficacy and safety of TTP488 in patients with mild Alzheimer's disease receiving acetylcholinesterase inhibitors and/or memantine. To evaluate the efficacy of azeliragon on cognitive and global function measures in patients with Mild AD, and to examine the effect of azeliragon on MRI volumetrics.
- ADUCANUMAB EMERGE STUDY - A PHASE 3 MULTICENTER, RANDOMIZED, DOUBLE-BLIND, PLACEBO-CONTROLLED, PARALLEL-GROUP STUDY TO EVALUATE THE EFFICACY AND SAFETY OF ADUCANUMAB (BIIB037) IN SUBJECTS WITH EARLY ALZHEIMER'S DISEASE

2017-2018

- A phase 3 multi-center and multinational therapeutic trial to evaluate the efficacy and safety of monthly doses of aducanumab, a human monoclonal antibody that recognizes aggregated forms of amyloid beta protein, in slowing cognitive and functional changes in participants with early AD
- ABBV-8E12 AWARE STUDY - PHASE 2 MULTIPLE DOSE, MULTICENTER, RANDOMIZED, DOUBLE-BLIND, PLACEBO-CONTROLLED STUDY TO EVALUATE THE EFFICACY AND SAFETY OF ABBV-8E12 IN SUBJECTS WITH EARLY ALZHEIMER'S DISEASE

2017-2018

- The primary objectives of this study are: 1) To assess the efficacy of ABBV-8E12 in slowing disease progression (cognitive and functional impairment) in subjects with Early Alzheimer's Disease (AD) as measured by the Clinical Dementia Rating – Sum of Boxes (CDR-SB); and 2) To assess the long term safety of ABBV-8E12 for up to 96 weeks in subjects with Early AD.
- LLCF LY3202626 STUDY – Effect of LY3202626 on Alzheimer's Disease Progression as Measured by Cerebral 18F-AV-1451 Tau-PET in Mild Alzheimer's Disease Dementia

2017-2018

- A Phase 2 study to assess if inhibiting the production of A β in the brain through BACE1 inhibition with LY3202626 can slow the progression of disease as assessed by biomarkers of neurodegeneration over 52 weeks of treatment. Primary outcomes is 18F-AV-1451 positron emission tomography (PET) scan as a marker of disease progression to assess cerebral tau neurofibrillary tangle load and whether there are any changes with A β targeted BACE inhibitor treatment. PK/PD and cognitive measures will also be collected.
- **Alzheimer's Disease Center, Department of Neurology, University of California, Davis**
Neuropsychology Postdoctoral Fellow
September 2013-August 2015
Supervisor: Bruce Reed, Ph.D.
Research Studies:
 - UC Davis Aging and Diversity Cohort: Longitudinal observational study of cognition in a cohort of ethnically and linguistically diverse community elders.
 - Alzheimer's Disease Neuroimaging Initiative 2 (ADNI): development of biomarkers for detection of prodromal AD and tracking disease progression
 - Clinical Trials (site PI: John Olichney, MD)
 - Anti-Amyloid Treatment in Asymptomatic Alzheimer's Disease "A4"
 - Infusion of solanezumab (anti-amyloid antibody) for preclinical AD. Study Sponsor: Eli Lilly and Company
 - MK-8931 Verubecestat A Phase III, Randomized, Placebo-Controlled, Parallel-Group, Double-Blind Clinical Trial to Study the Efficacy and Safety of MK-8931 (SCH 900931) in Subjects With Amnesic Mild Cognitive Impairment Due to Alzheimer's Disease (Prodromal AD). Study Sponsor: Merck Sharp & Dohme Corp.

Activities:

- Assisted with NIH grant submissions, data analysis, manuscript preparation
- Supervised psychometricians across longitudinal cohort, ADNI, and clinical trials
- Interpreted neuropsychological testing for ADNI and cohort participants

- Conducted informant diagnostic interviews (CDR, NPI, FAQ) for cohort participants
- Led multidisciplinary diagnostic consensus meetings for cohort participants
- Served as a rater across clinical trials
- Provided community educational lectures
- **Adolescent Stress and Emotion Lab, Department of Psychology, Tempe, AZ**
Neuropsychological functioning and stress reactivity in Type 1 Diabetes Mellitus
Independent Dissertation Research
Co-Chairs: Linda Luecken, PhD; Leah Doane, PhD
Research Focus: Experimental, laboratory-based study that examined whether young adults with T1DM physiologically respond to psychological stress in a dysregulated manner compared to non-diabetic peers (e.g. attenuated vs. exaggerated cortisol response), and if such individuals also demonstrated greater cognitive declines in response to psychological stress.
- **Phoenix Veterans Administration Health Care System, Phoenix, AZ**
“Brain Training for Weight Fitness”
Research Assistant,
Fall 2011 – Spring 2012
Supervisor: Martha Kent, Ph.D.
Research Focus: Randomized clinical trial of a neurobehavioral weight loss intervention for obese patients.
- **Department of Psychology, Arizona State University, Tempe AZ**
NIH/NICHHD roi “Effects and Meanings of Fathers for Children and Adolescents”
Research Assistant
Fall 2009
Supervisors/PIs: William Fabricius, Ph.D., Sanford Braver, Ph.D., and Linda Luecken, Ph.D.
Research Focus: Multi-site, longitudinal study examining the role of fathers in child development.
- **Phoenix Behavioral Science Laboratory, The University of Arizona College of Medicine-Phoenix in partnership with Arizona State University**
Research Assistant
Spring 2008
Supervisor: Bradley Appelhans, Ph.D.
Research focus: Laboratory-based experimental study of inhibition and food consumption in obesity incorporating biometric data of stress reactivity.

- **Health and Coping Lab, Department of Psychology, Arizona State University, Tempe AZ**
NIH/NIMH Ro1 MH083173-01 "Co-regulatory Predictors of Postpartum Depression in Low-income Mexican Americans"
Research Assistant
Fall 2007
Supervisors/PIs: Luecken, Crnic, Gonazales
Research Focus: Grant writing for successfully funded longitudinal study on the influence of maternal and infant physiological and emotional co-regulation in the development of post-partum depression in low-income Hispanic women.
- **Atlanta VA Rehabilitation R&D Center for Visual and Neurocognitive Rehabilitation, Decatur, GA**
"Veterans Normative Aging Study"
Study Coordinator
Fall 2005
Supervisor: Katharina Echt, Ph.D.
Research Focus: Longitudinal, multi-site study exploring the sensory, cognitive, and psychosocial determinants of older adults' self-management capacities (e.g., health literacy, medication management and adherence, treatment decision making) as targets for rehabilitation interventions.
- **Department of Psychology, Agnes Scott College, Decatur, GA**
Research Assistant
Spring 2005
Research Focus: Laboratory-based study on the role of erratic eye movements and phonological processing in Dyslexia in adults.
- **Department of Psychology Agnes Scott College, Decatur, GA**
Research Mentor
Fall 2004 – Spring 2005
Research Focus: Study of the predictors of relationship satisfaction in dual-income, traditional, and Lesbian couples.
- **Department of Counseling, School, and Educational Psychology, University at Buffalo, SUNY**
Center for Children and Families' Summer Treatment Program
Ro1MH065899 "Positive illusions in ADHD: Processes and Consequences"
Research Assistant
Summer 2004
Supervisors/PIs: William E. Pelham Jr., Ph.D., Betsy Hoza, Ph.D.
Research Focus: Examined the combined effects of behavioral modification and psychopharmacological treatment of ADHD, as well as the effect of positive self-illusions on treatment outcome.
- **Laboratory for the Study of Interpersonal Processes, Emory University, Decatur, GA**
Research Intern
Fall 2004 – Spring 2005
Supervisor: Stephen Nowicki, Ph.D.
Research Focus: Explored role of nonverbal communication in interpersonal relationships.

FORMAL SUPERVISED CLINICAL TRAINING

- **Mayo Clinic at Scottsdale, Scottsdale, AZ**
Advanced Practicum Student- Adult Neuropsychological Assessment
July 2011 – June 2012
Supervisors: Dona Locke, Ph.D., ABPP-CN, Kristin Kirlin, Ph.D., ABPP-CN, Duane Hurst, Ph.D.
Setting: Neuropsychology and Behavioral Medicine Departments in both Hospital and Outpatient Medical settings
- **Rehabilitation Services for the Blind and Visually Impaired**
Advanced Practicum Student- Lifespan Assessment
June 2010 – April 2012
Supervisor: John Barton, Ph.D., ABPP
Setting: State-funded agency that provides and funds vocational rehabilitation services to the Blind and Visually Impaired
- **Clinical Psychology Center (CPC), Arizona State University, Tempe, AZ**
Advanced Practicum Student- Lifespan Assessment
June 2010 – July 2011
Supervisors: John Barton, Ph.D., ABPP, Martha Kent, Ph.D., & Libby Howell, Ed.D.
Setting: University-based, training clinic serving the general population in the Phoenix metro area
- **Forensic Psychology Consortium, John Dibacco, Ph.D., Scottsdale, AZ**
Advanced Practicum Student- Lifespan Assessment
July 2009 – June 2010
Supervisor: John Dibacco, Ph.D., State of AZ Board of Psychologist Examiners Member
Settings: Juvenile/Child Protective Services (CPS); Family, Civil, and Criminal court; and Licensing/Ethics Board Evaluations
- **Melmed Center, Scottsdale, AZ**
Advanced Practicum Student- Pediatric Assessment
August 2009 – June 2010
Supervisors: Janet Chao, Ed.D., Julie Weston, Ph.D., Gina de Simone, Psy.D.
Setting: Developmental Pediatric Center providing integrated medical and psychological services.
- **Southwest Behavioral Health, Payson, AZ**
Practicum Student- Psychotherapy
August 2008 – August 2009
Supervisors: Abby Harris, Ph.D., Bob Bohanske, Ph.D., Deborah Partington, Psy.D.
Setting: rural, outpatient, community-based treatment facility serving low-income clients

SUPERVISED TRAINEES

- Postdoctoral Fellows in Clinical Neuropsychology, Ray Dolby Brain Health Center
 - Sarah Borish, Ph.D., 09/17-Present
 - Caitlin Moore, Ph.D., 10/15-10/17
 - Thomas Kiely, Ph.D., 09/15/07/17
- APA Pre-Doctoral Intern in Neuropsychology- California Pacific Medical Center
 - Sarah Mason, MA, 07/18-07/19
 - Pavel Litvin, Ph.D., 07/17-06/18
 - Sarah Borish, Ph.D., 07/16-06/17
- Palo Alto University Practicum Student in Neuropsychology- Ray Dolby Brain Health Center

- Beate Davis, MA, 09/17-05/18
- Sonakshi Arora, MA, 09/18-08/19
- Arizona State University Undergraduate Research Assistants
 - Ryan Bond, 12/2011-05/2013
 - Christina Stough, 5/2012-12/2013
 - Brighton Mirtsching, 01/2012-12/2013
 - Michael McGarry, 12/2012-12/2013
 - Kelsey Staudinger, 05/2012-12/2013
 - Kristen Rudd, 02/2012-12/2013
 - Nordia Mathews, 12/2011-12/2013
 - Kewmars Keyvani, 12/2011-5/2011

TEACHING EXPERIENCE

- Teaching Assistant and Teacher of Record, Research Methods Lab, Arizona State University
August 2011 – December 2011
Supervisor: Greg Stone, Ph.D.
- Teaching Assistant, Abnormal Child Development, Arizona State University
January 2010 – May 2010
Supervisor: Armando Piña, Ph.D.
- Teaching Assistant, Introduction to Statistics, Arizona State University
January 2009 – May 2009
Supervisor: George Knight, Ph.D.
- Teacher of Record, Health Psychology, Arizona State University
August 2008 – December 2008
Supervisor: Linda Luecken, Ph.D.
- Teaching Assistant, graduate-level, Psychological Assessment, Arizona State University
August 2008 – December 2008
Supervisor: Richard Lanyon, Ph.D.
- Teaching Assistant, Learning and Motivation, Arizona State University
July 2007 – August 2007
Supervisor: Heather Cate, M.S.
- Teaching Assistant, Introduction to Psychology, Arizona State University
January 2007 – May 2007
Supervisor: Eva Szeli, Ph.D.
- Teaching Assistant, Introduction to Psychology, Arizona State University
August 2006 – December 2006
Supervisor: Carolyn Cavanaugh-Toft, Ph.D.

HONORS, AWARDS, GRANTS

- Blue Ribbon Award: Society for Clinical Neuropsychology (APA Division 40) for abstract entitled "*Measurement of Outcome Following Neuropsychological Evaluation: The Impact on the Consumer*"
March, 2014
- Best Video Presentation of Poster Presentation, 34th Annual Meeting & Scientific Session of the Society of Behavioral Medicine March, 2013
- 2011 American Psychological Association Dissertation Research Award
- 2011-2012 Arizona State University Graduate Research Support Program Dissertation Award

- Best overall conference graduate paper about women and fellowship, Southeastern Psychological Association Conference Spring, 2006
- Psi Chi (the Psychology National Honorary Society) Secretary Spring, 2005
- Phi Beta Kappa (the National Academic Honorary Society)

Invited Talks and Presentations

- 10/2021 *Cognitive Effects of Cerebellar Degeneration*
San Francisco Neurological Society, Dementia Symposium
- 12/2020 *Reliability and Variability of Neuropsychological Testing in the Diagnosis of Mild Cognitive Impairment*
Harvard Medical School, Beth Israel Deaconess Medical Center/Cognitive Neurology Unit and Center for Noninvasive Brain Stimulation Grand Rounds
- 10/2019 *Reliability and variability of neuropsychological testing in differentiating dementias*
San Francisco Neurological Society, Dementia Symposium
- 10/2017 *Slowing Cognitive Decline: Latest Research*
13th Annual Circle of Care Retreat, Alzheimer's Association, 10/2017
- 8/2017 *Slowing Cognitive Decline*
Alzheimer's Disease and Dementia Update Symposium; California Pacific Medical Center, Sutter Health
- 1/2016 *Keeping Your Brain Sharp as You Age*
Community Health Resource Center; Sutter Health
- 8/2015 *Keeping Your Brain Sharp As You Age*
Aging and Dementia Symposium; Sutter Health
- 10/2014 *Dementia: Detection, Prevention, & Management*
Community Residential Care Association of California

Memberships

- International Neuropsychological Society
- American Academy of Clinical Neuropsychology (member)
- National Academy of Neuropsychology (member)
