2006 - 2009

Song and Associates, Inc., Architects (30/35 person Firm)

West Palm Beach, Florida

Chief Financial Officer

Architect-of-Record

Leaving semi-retirement in 2006, Mr. Chase accepted a three-year contract position with Song and Associates in West Palm Beach, Florida to become the firms' Chief Financial Officer. His role and responsibilities included managing the day-to-day operations of the Song firm and acting as principal-in-charge, interior design manager or architect-of-record on selected projects, including a new elementary school in Martin County and two elementary schools in Broward County. Expanding his expertise in sustainable design, these Broward schools (Heron Heights Elementary and Discovery Elementary) were designed with LEED Certification objectives. The Heron Heights school project utilized energy efficient transformers, where energy contributions to the facility could be monitored by the students and faculty, a photovoltaic roof system over the cafeteria and on the roof of walkway canopies. The Discovery school project included a solar lighting design for the 127 car parking areas along with other building and environmentally friendly elements. Mr. Chase also served as architect-of-record during this period for the new \$100-million-dollar West Palm Beach City Center (City Hall and Library) completed in 2009.
