

Forensic Consulting, Technology & Animations

**JOHN R. YANNACCONE, P.E.**  
Principal Mechanical Engineer

## **EDUCATION**

Drexel University, Philadelphia, PA, BS Mechanical Engineering, 1989

## **CONTINUING EDUCATION**

Industrial Truck/Forklift Certified Operator Training, December 2024

Mobile Elevated Work Platform (MEWP) Certified Operator Training, December 2024

Q'Straint QUANTUM Operator Certification, October 2024

Wheelchair Transportation Safety Lessons from the Crash Lab, University of Michigan Transportation Research Institute, March 2024

Q'Straint Securement 101: Basic Wheelchair Securement Training, October 2023

Q'Straint Securement 102: Securing Difficult Mobility Devices for Transit and Paratransit, October 2023

Q'Straint Securement 103: Securing Difficult Mobility Devices for School Bus, October 2023

Event Data Recorder Use in Traffic Crash Reconstruction – Update, Abington, PA, November 2022

OSHA 30 Hour Construction Industry, 360 Training, October 2022

OSHA 30 Hour General Industry, 360 Training, June 2021

OSHA 10 Hour General Industry, 360 Training, June 2021

Event Data Recorder in Traffic Crash Reconstruction – Update, Abington, PA, February 2019

Post-Disaster Safety-Assessment Program (SAP) Evaluator Training and Certification, Pennsylvania Society of Professional Engineers, November 2016

Online Bosch Full Crash Data Retrieval (CDR) Technician Training, University of North Florida - Institute of Police Technology and Management (IPTM), June 2016

CarFit Technician and Event Coordinator Training, 2016

Future of Side Impact Protection for Children: Injury Analysis, Testing and Technical Advances, Center for Child Injury Prevention Studies, The Children's Hospital of Philadelphia, March 2010

NHTSA Region 2 Child Passenger Safety Technical Conference, September 2009

Crash Data Retrieval Data Analyst Course, May 2008

Crash Data Retrieval Technician Course, May 2008

Annual Joint Conference – NYSTARS, NAPARS, NJAAR, NATARI & MdATAI, October 2007

The Role of Warnings and Instructions, The University of Wisconsin, College of Engineering, September 2005

Zoning Administration, The Pennsylvania Municipal Planning Education Institute, May 2005

Playground Safety and Design Workshop, October 2003

Wheelchair Securement & Occupant Restraint Training, April 2003  
Transporting Children with Special Health Care Needs, October 2002  
Booster Seats for Children: Closing the Gap Between Science and Public Policy, AAAM, April 2001  
Fundamentals of Sensor Design for Automotive Air Bag Systems, September 1999  
Standardized Child Passenger Safety Training Program, Patterns for Life, May 1999  
Automotive Safety TOPTEC, *Focus on the Child*, SAE, October 1998  
Motor Vehicle Accident Reconstruction, SAE, February-March 1995  
Professional Engineering Review, Drexel University, May-October 1994  
Industrial Hydraulics Technology, National Technology Transfer, Inc., October 1993  
Head and Neck Injury Symposium, SAE, December 1993  
Computer Aided Engineering Integration, December 1992  
Injury, Anatomy, Biomechanics and Federal Regulations, SAE, August 1992  
Algor Finite Element Analysis, Week 1, Algor Interactive Systems, Inc., December 1991  
Risk Management and System Safety Practice, Sverdrup Technology, Inc., November 1990  
Pennsylvania Environmental Regulations, May 1990

#### **PROFESSIONAL LICENSES AND CERTIFICATIONS**

Licensed Professional Engineer in Alabama, Delaware, New Jersey, Pennsylvania  
Board Certified Diplomate in Forensic Engineering, National Academy of Forensic Engineers, 2010 to present  
Certified Child Passenger Safety Technician – 1999 to present  
Certified Child Passenger Safety Instructor – 2000 to present  
Crash Data Retrieval Data Analyst Certification  
Crash Data Retrieval Technician Certification  
CarFit Technician and Event Coordinator – 2016 to present  
Certified Safety Assessment Program Evaluator – 2016 to present  
ProBoard Certification: Fire Fighter I, Fire Fighter II, Hazardous Materials Operations, Vehicle Technical Rescuer, Rope Technical Rescuer Technician Level  
Pennsylvania Department of Health Certification as Basic Vehicle Rescue Technician

#### **PROFESSIONAL MEMBERSHIPS**

American Society of Mechanical Engineers (ASME)  
SAE International  
Association for the Advancement of Automotive Medicine (AAAM)  
National Society of Professional Engineers (NSPE)  
National Academy of Forensic Engineers (NAFE) – Senior Member  
Pi Tau Sigma, Honorary Mechanical Engineering Fraternity  
Order of the Engineer

## PROFESSIONAL EXPERIENCE

February 2017 –  
Present

### **DJS Associates, Inc., Abington, PA, Principal Mechanical Engineer**

Responsibilities include the investigation and analysis of mechanical failures including industrial equipment and machinery, consumer products, ladders and scaffolds, machine guards, household appliances, wheelchair lifts, wheelchair tiedown and occupant restraint systems (WTORS) and patient lifts. Evaluation of the design, safety and performance of products and equipment involved in injury and property damage claims using scientific and engineering principles. Analysis of mechanical failures within vehicles including child safety seats, airbags, seat backs, seat belts and occupant protection and restraint systems. Examination and testing of occupant restraint systems and equipment for emergency vehicles. Use of High-Definition Scanning, Crash Data Recorder and other State-of-the-Art technology for investigation, documentation, and analysis. Expert testimony rendered on behalf of plaintiff and defense.

2005 – 2017

### **Forensic Safety Group, Willow Grove, PA, Senior Engineer**

Responsibilities included the investigation and analysis of mechanically related failures and incidents with a focus on failure analysis and general system safety. Specific expertise in the evaluation of occupant protection in various types of vehicles. Consultation in the areas of occupant protection and restraint for emergency vehicles with the National Institute of Occupational Safety and Health (NIOSH). Consultation with several restraint system manufacturers regarding issues related to the performance of their systems. Continuous work in child passenger safety through participation in child restraint checkpoints, as well as teaching child passenger safety classes. Additional consultation with NIOSH on investigations as part of their Firefighter Fatality Investigation Program. Expert testimony rendered on behalf of plaintiff and defense.

1996 – 2005

### **ARCCA, Incorporated, Penns Park, PA, Senior Engineer**

Extensive experience in testing automotive and vehicle components. Conducted numerous full-scale vehicle crash and rollover tests. Researched, tested and evaluated automotive seating, airbags and restraint systems. Conducted numerous seatback, restraint and rollover tests. Developed systems to sense and prevent tip-over of industrial equipment. Conducted sled testing for child restraints in collaboration with Children's Hospital of Philadelphia. Investigated and recommended improvements for restraint systems for occupants in patient compartment of ambulances with the National Institute of Occupational Safety and Health (NIOSH). Participated in the design and development of the Common Crashworthy Occupant Protection System (CCOPS) for Army wheeled vehicles. Consultation with several manufacturers to evaluate both the design and performance of their products. Expert testimony rendered on behalf of plaintiff and defense.

1987 – 1996

### **Naval Air Warfare Center, Warminster, PA, Mechanical Engineer**

Responsible for various test facility operations including dynamic and sustained acceleration tests focused on human protection, human tolerance, and equipment performance. Conducted numerous accelerator tests on restraint systems, airbags, seating systems and several other components. Automotive testing included evaluation of new design for seat bottom cushions, dynamic seatback strength and occupant kinematics in various crash orientations. Operated US Navy's Fuel Fire Test Facility, which was used for full-scale fuel fire testing to assess the thermal protection capabilities of garments for the Navy. Participated in tests on the Navy's man-rated ejection tower, which simulated the catapult phase of ejection from an aircraft. Assisted in the design, testing and evaluation of fuel cells for Naval aircraft. Analyzed test results to determine flight

worthiness and potential for problems with pre-production fuel systems. Performed flame survivability testing of wire and fiber-optic cables in efforts to develop a materials specification.

**1985 – 1986**

**US Department of Agriculture, Wyndmoor, PA, Engineering Science Laboratory**  
Assisted in the design, fabrication, modification, and maintenance of a wide variety of food processing equipment including the use of machine shop equipment to fabricate machinery to support a food processing pilot plant.

## **PRESENTATIONS**

- “Determination of Seatbelt Use Following a Crash,” SAE International WCX™ Digital Summit, June 2020
- “Child Safety Seats: Determining Proper Use,” Lehigh Valley DUI Highway Safety Task Force, Law Enforcement Training Seminar, Lehigh Valley, PA, March 2017
- “The Seat Belt Defense,” Office of the Attorney General, State of New Jersey, September 2016
- “Event Data Recorders,” Office of the Attorney General, State of New Jersey, July 2016
- “Pretensioners and Child Passenger Safety,” NHTSA Region 2 Child Passenger Safety Technical Conference, September 2009
- “Comparison of Dynamic and Static Web Loop Deployment Forces,” SAE International 2006 World Congress, Detroit, MI, April 2006
- “Child Restraints: Determining Proper Use,” 2005 NATARI Joint Conference, Wilmington, DE, October 2005
- “Occupant Protection from Cargo in Armored Vehicles,” SAE 2005 World Congress, Detroit, MI, April 2005
- “Development of a Buckle Release Test Procedure,” SAE 2004 World Congress, Detroit, MI, March 2004
- “Hybrid III 3-Year-Old ATD Crash Test Research,” 27<sup>th</sup> Annual International Workshop on Human Subjects for Biomechanics Research, San Diego, CA, October 1999

## **PROFESSIONAL ACTIVITIES**

International Journal of Crashworthiness Peer Reviewer

SAE International Peer Reviewer

National Academy of Forensic Engineers (NAFE) Peer Reviewer

Perkasie Fire Company – September 2008 to present, Current Position: Firefighter and Past President

Perkasie Firemen's Relief Association – September 2008 to present, Current Position: Secretary

Bucks County Technical Rescue Task Force Member – 2013-2024

Perkasie Borough Zoning Board – January 1995 to present, Current Position: Vice Chairperson

## **AWARDS RECEIVED**

Commendation from East Rockhill Township for performance as a rescuer at a nighttime high angle cliff rescue on July 5, 2014

Central Bucks Chamber of Commerce Burpee Emergency Services Award, 2013

Center for Disease Control (CDC) Nomination for Charles C. Shepard Award – Prevention and Control, June 2011

NIOSH 2011 Alice Hamilton Award – Honorable Mention – Engineering and Physical Science, 2011

NAWC Superior Performance Awards 1990 through 1996

NAWC Technology Transfer Award for contributions in the area of technology transfer, August 1994

NAWC Special Act Award for performance of repair on Navy's Dynamic Flight Simulator, March 1992

US Department of Agriculture, Special Act Award for superior performance as an Engineering Trainee, October 1986

## **PATENTS**

Side Impact Injury Test Apparatus, U.S. Patent Number 5,872,321

Co-inventor of Seat-Mounted Occupant Crash Protection System, U.S. Patent Number 6,155,601

## **INSTRUCTOR ACTIVITIES**

The Safe Transportation of Children in the Care of Social Service Agencies presented to Delta Community Supports, Glenside, PA, November 2015

Child Passenger Safety Refresher Class, April 2005

Pretensioners, Web Loops and Load Limiters presented at the Pennsylvania Child Passenger Safety Instructors Meeting, Harrisburg, PA, March 2002

Crash Protection Systems Testing, presented at the Occupant Crash Protection Training Course at the Naval Air Warfare Center (NAWC), Patuxent River, MD, November 1998

## **Standardized Child Passenger Safety Training Program**

American Academy of Pediatrics, Horsham Fire Company, Horsham, PA, October 2024

Safe Kids of Southeastern Pennsylvania & Children's Hospital of Philadelphia, Ronald McDonald House, June 2024

American Academy of Pediatrics, Tri-Hampton Rescue Squad, Richboro, PA, April 2024

American Academy of Pediatrics, Abington Hospital - Jefferson Health, Abington, PA, October 2023

American Academy of Pediatrics, Jefferson Fire Company, West Norriton, PA, March 2023

American Academy of Pediatrics, Volunteer Medical Services Corp., Lansdale, PA, October 2022

Lehigh Valley Health Network, Cetronia Ambulance Corps, Allentown, PA, September 2022

American Academy of Pediatrics, Upper Darby Fire Company, Upper Darby, PA, April 2022
