OBJECTIVE

I am a fourth-generation gem and jewelry professional and owner of an NAJA Accredited and AGA Certified Gemological Laboratory. I hold top industry credentials from multiple organizations in the fields of diamonds, gemology, and jewelry appraisal methodology. I offer valuation services to a diverse clientele, including attorneys, estate planning professionals, retail jewelers, pawnshops, insurance companies, private clients, fellow appraisers, and federal law enforcement agencies. My Appraisal Reports are prepared in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP). I am actively pursuing new expert witness opportunities and estate appraisal assignments.

EXPERIENCE

In addition to providing appraisal services for private clients and those within the trade, I have been subcontracted to assist with the valuation of jewelry and watches confiscated by federal law enforcement agencies, including the U.S. Secret Service (USSS), Internal Revenue Service (IRS), Customs and Border Protection (CBP), Immigration and Customs Enforcement (ICE), and the U.S. Coast Guard (USCG). I also have experience as an expert witness, providing successful litigation support in cases involving gems and jewelry.
