SUMMARY

Experienced Orthotics and Prosthetics Practitioner with a strong background in clinical care, regulatory standards, and collaboration with healthcare teams. Skilled in providing expert evaluations for complex prosthetic needs and developing solutions that enhance patient outcomes. Expertise includes prosthetics design, patient education, and working with multidisciplinary teams to ensure high-quality, compliant care.

PROFESSIONAL EXPERIENCE

Advanced Orthotics and Prosthetics Practitioner

Department of Veteran Affairs • Aurora, CO • Apr 2019-Present

- Serve as a trusted expert in the assessment, creation, and fitting of prosthetic devices, ensuring thorough documentation to support patient care.
- Review community vendor HCPCS codes (L-codes) to ensure compliance with regulatory bodies, including the American Board for Certification in Orthotics and Prosthetics (ABC) and Centers for Medicare & Medicaid Services (CMS).
- Provide expert evaluations for complex cases, offering professional insights regarding prosthetic needs and outcomes in the context of rehabilitation and recovery.
- Conduct thorough assessments and create detailed, accurate documentation of patient care, improving communication with healthcare teams.
- Lead multidisciplinary amputee clinics, both in-person and virtually, offering expert guidance on complex cases and emerging prosthetic technologies to optimize patient outcomes.
- Developed a comprehensive suite of patient education materials on prosthetic care, accessible on the VA Amputee System of Care (ASoC) Sharepoint, designed to inform patients and healthcare professionals.
- Perform as a VISN 19 clinical expert, offering informed guidance on complex prosthetic cases and the integration of new technologies into patient care.
- Review medical records and prosthetic device documentation to ensure accuracy, contributing to effective treatment planning and collaboration with care providers.

Orthotics and Prosthetics Practitioner

Shirley Ryan AbilityLab (Rehabilitation Institute of Chicago) • Chicago, IL • Jan 2016-Apr 2019

- Provided expert care to amputee patients, ensuring proper documentation for insurance and rehabilitation purposes.
- Managed a high-volume caseload, consistently surpassing team productivity goals while ensuring detailed, accurate medical documentation for patient care.
- Collaborated with state and private insurance companies to facilitate approvals for prosthetic devices, ensuring compliance with insurance policies and standards.
- Supervised orthotic and prosthetic residents, providing mentorship and preparing them for a wide range of prosthetic care and rehabilitation scenarios.

- Led educational workshops and guest lectures for medical professionals, including a lecture series on lower-limb prosthetics for medical residents, improving cross-disciplinary understanding of prosthetic care.
- Served as a preceptor for NCOPE residents, preparing them for professional practice and ensuring they understand the complexities of working within regulatory and patient care standards.

Orthotics and Prosthetics Resident

Baylor College of Medicine Residency • Houston, TX • July 2014-December 2015

- Completed a rigorous residency program with diverse, high-volume clinical experiences, including exposure to complex cases involving prosthetic devices and patient rehabilitation.
- Collaborated with medical teams to manage complex prosthetic cases, ensuring all clinical documentation met required standards for continued patient care.
- Demonstrated proficiency in working with both upper and lower limb amputations, gaining expertise in comprehensive care and patient rehabilitation.
- Demonstrated proficiency in diverse clinical settings and patient populations at multiple residency sites including the following:
 - Hanger Clinic (Dynamic Orthotics & Prosthetics), Orthotic Rotation
 - CARE Prosthetics, Prosthetic Rotation
 - Shriners Hospital for Children, Pediatric Rotation
 - Michael E. DeBakey VA Medical Center, Institutional Rotation
 - Rehabilitation Institute of Chicago, Prosthetic Rotation, Upper Limb
 - University of Michigan, Orthotic Rotation, Acute Orthotics

Orthotics and Prosthetics Technician

Sawtooth Orthotics and Prosthetics • Boise, ID • February 2012-May 2013

- Worked alongside clinicians to ensure precise fabrication and fitting of prosthetic devices, supporting accurate documentation for patient care.
- Assisted in managing workflows and documentation practices that ensured timely delivery of devices while meeting regulatory compliance standards.

EDUCATION

Master of Science in Orthotics and Prosthetics, Baylor College of Medicine • Houston, TX

Bachelor of Arts in History, Minor in Spanish, Boise State University • Boise, ID

CERTIFICATION & LICENSURE

American Board of Certification in Orthotics, Prosthetics, and Pedorthic

Certification No. CPO03865

RELEVANT SKILLS & EXPERTISE

Patient Care Support: Expert evaluations, report writing, and clinical insights in cases involving amputations and prosthetic care.

Regulatory Compliance: In-depth knowledge of CMS, ABC, BOC, and Joint Commission standards for prosthetic care and documentation.

Insurance & Care Documentation: Proficient in handling insurance claims and documentation processes, ensuring accurate records of patient care.

Emerging Prosthetic Technologies: Expertise in cutting-edge prosthetic technologies, including micro-processor knees and upper extremity devices, relevant to complex cases.

Multidisciplinary Collaboration: Skilled in coordinating with healthcare providers, insurance companies, and other stakeholders to ensure the best patient outcomes and compliance with standards.

VOLUNTEER EXPERIENCE

Board of Directors, Rocky Mountain Orthotic and Prosthetic Coalition (RMOPC), 2025-Present

- Advocate for industry standard and legislative changes to improve access to orthotic and prosthetic care, ensuring patients receive appropriate services.

Guest Lecturer, University of Colorado, Doctor of Physical Therapy Program, 2019-Present

- Lectured on upper limb, lower limb, and spinal orthotics, improving the knowledge of healthcare professional involved inpatient care.

Prosthetist, Dare2Tri, Chicago, IL, Summer 2017

- Volunteered as a prosthetist for triathletes with disabilities, ensuring care and support during events, emphasizing advocacy and patient-centered care.

PRESENTATIONS & LECTURES

"AMPUTEE GAIT DEVIATIONS"

Presenter at ASoC Regional Training • Minneapolis, MN • 2024

"3D PRINTED SOCKETS - MOVING INTO THE FUTURE"

ASoC Quarterly Newsletter • Winter • 2023

Upper Extremity Prosthetics Panel

American Academy of Physical Medicine and Rehabilitation (AAPM&R) • Virtual • 2020
